FRONT-END DEVELOPER

I write in response to your ad seeking a professional front-end developer in your company. I would bring a service-focused and hard-working attitude to this role

With my training and experience in the field of web design and Mobile design, along with my ability to develop UI designs and program with React Js.

I am familiar with systems like Git, Expo, Web 3 development, and Project Management which most of these skills were self-taught and to the maximum perfection, I believe I can do the work most graduates cannot do professionally and Bring more to the table in terms of my adaptability and innovation drove mindset with Discipline.

Feel free to contact me directly should you require anything further.

Thank you for your time and consideration. I look forward to hearing from you.

Warm regards,

Julius Eghan
